## SciGene Engages Inter Medico as Canadian Distributor

**March , 2009**, Sunnyvale, CA — SciGene (Sunnyvale, California, USA) and Inter Medico (Markham, Ontario, Canada) announced today the signing of an agreement whereby Inter Medico has been granted exclusive rights to sell SciGene products throughout Canada. SciGene's automated microarray workflow systems will broaden Inter Medico's line of products used in molecular cytogenetics and provide efficient solutions for laboratories transitioning to aCGH based methods. Likewise, Canadian customers for SciGene products will receive the highest level of support through Inter Medico's sales and service organizations. The terms of the agreement were not disclosed.

### About SciGene

SciGene ([www.scigene.com](http://www.scigene.com)) is a privately held company founded in 2003 that develops instruments that automate workflows used with microarray-based procedures in research and clinical diagnostic laboratories. SciGene instruments use automation and protocol optimization to enhance the quality of FISH and microarray-based diagnostic tests.

### About Inter Medico

Inter Medico ([www.intermedico.com](http://www.intermedico.com)) is the largest private Canadian distributor with a long and successful history of serving Canada's foremost clinical diagnostic and research laboratories. The company's experienced market-leading sales team is supported by highly-trained technical support specialists. Inter Medico aggressively markets the products it distributes through a team of professionals with a broad range of expertise specific to the Canadian molecular diagnostics market.
